

SENATE REPEALS EXCESS PROFITS TAX AFTER JAN. 1

Democrats Try in Vain to Re-
tain Part of Levy—Corporation
Tax Vote To-Day.

WASHINGTON, Oct. 27.—The excess profits tax was formally repealed by the Senate late yesterday, becoming effective Jan. 1, 1922. The amendment to the Tax Revision Bill proposed by the Finance Committee was adopted without a division or a record vote after many efforts had been made to prevent the entire abandonment of this tax. The amendment provides for the collection of the tax only this calendar year.

The Democrats, led by Reed, sought to prevent the complete elimination of the excess profits levy, but were unsuccessful. Reed offered an amendment, which was debated until late in the afternoon, providing that for the calendar year 1922 and each year thereafter excess profits taxes shall be levied as follows:

"Twenty per centum of the net income in excess of 15 per centum and not in excess of 50 per centum of the invested capital, and 40 per centum of the excess over 50 per centum of the invested capital."

The Reed amendment was rejected by 42 Senators. Borah, Johnson, Kenyon, La Follette, Norbeck and Norris voted with the Democrats for the amendment. Another amendment was suggested by Reed. It would impose a tax of 20 per cent on corporation profits in excess of 50 per cent of their invested capital. This was rejected, 38 to 42, the same Republicans, with the addition of Capper and McNary, voting for the amendment, and one Democrat, Glass, opposing it.

An agreement was reached to vote on the corporation tax at 4 o'clock this afternoon. An exception was made of the amendment offered by Senator Walsh of Massachusetts, which will be taken up later.

The pending bill imposes a flat 15 per cent tax on corporations. The rate under existing law is 10 per cent. The House bill provided 12 1/2 per cent. The Finance Committee claimed that a 15 per cent tax would offset the repeal of the excess profits levy.

The Walsh amendment contained a graduated corporation tax reaching 25 per cent when the profits exceed \$500,000.

A committee amendment was adopted which limits, after Jan. 1, the \$2,000 exemption now allowed corporations to those having a net income of \$25,000 or less.

That the Revenue Bill will pass by the middle of next week was the prediction made to-day by Senator Penrose.

It was predicted that the Taxation Bill will be in conference by the end of next week.

Republican leaders have not arranged any programme concerning the speeding up of revenue bills. They will adjust matters from day to day. The list of Senators pledged to remain in continuous session until a final vote is reached has been increased to fifty-two.

DIES IN A MOTOR CAR.

Arnold Armonie, fifty-five, of No. 54 State Street, Brooklyn, and his chauffeur, William H. Galt, No. 142 Aunty Street, Brooklyn, Syrians, planned to spend yesterday hunting near Roslyn. Near Roslyn, Armonie was taken ill and urged his friend to drive back home as fast as possible.

As the automobile was passing through Flushing Armonie became unconscious and was taken to Flushing Hospital. There the physicians found him dead. The body was taken to the police station and the Medical Examiner was notified.

NOTHING that we can say here about Ovington's gifts is one-half as cogent a reason, as the sincerity of the letter of appreciation which follows infallibly in their train.

DIRECTOR SALTHER SWORN IN.

Copeland Previews New Head of Food and Drugs Bureau.

Ole Salther, who has been Acting Director of the Bureau of Food and Drugs of the Health Department since Oct. 15, 1915, was sworn in as Director yesterday in the presence of Health Commissioner Copeland, Director of all the department's bureaus and many employees.

Addressing the gathering, Dr. Copeland said:

"The Health Commissioner goes around making speeches" is quoted in the newspapers, and the average citizen believes he is the Health Department. Nothing makes me smile more than that popular idea. I am only a phonograph, giving out what is put into me. The real department is made up of the Directors and employees of them."

A Typical Instance

What the buyers of Dr. Reed Cushion Shoes think of their footwear is well instanced by the following unsolicited letter, reproduced here because it represents a consensus of opinion:

"The Dr. Reed Cushion Shoe is the most comfortable and the most durable shoe that I have ever put on my feet during my 72 years of life."

"This summer I went up the Hudson to Malden, where I always spend my vacation. Every year heretofore I have worn out a pair of soles in that time on account of the rough roads and rocks coming up from the river. But your shoes have stood the test. They show no signs of wear yet after wearing for the last six months on hard concrete floors every day."

"I can recommend them" to people of all ages as the best shoe for general wear."

Dr. A. Reed
